About the role:

We are looking for a recent graduate who is passionate about climate and keen to make an impact by using the lever of finance. Finance can be a powerful tool to align business and investment practices to credible climate objectives. The ideal candidate will have an interest in climate finance topics including among others: green bond financing, climate transition plans, the EU sustainable finance agenda, sustainable finance disclosures, etc. We will be prioritising those candidates who are eager to learn, grow and make an impact.

As an analyst you will be helping the senior manager to meet the growing demand for advice in the area. The Main tasks include:

- Perform market research on sustainable/climate finance developments.
- Research new topics to help develop new capabilities.
- Help develop cutting-edge educational and training material.
- Create presentations for delivery to key clients.
- Supporting the delivery of key projects for our clients.

What we offer:

- On the ground training
- Enrolment to one the best and internationally recognised climate finance course
- Exposure to the best practices in the ever-evolving climate finance sector
- A competitive salary

Your skillset and qualifications:

- A university degree
- Excellent English written and verbal skills. An additional language would be a bonus.
- Proficiency in Microsoft Office suite
- Good attention to details, strong analytical and problem-solving skills
- A professional manner

How to apply?: Please send your CV and a 1-minute video CV to [hr@impactivise.com](mailto:hr@impactivise.com)
